Dogs and Cats of the Dominican Republic

Dogs and Cats of the Dominican Republic, a U.S. and D.R. non-profit organization, has pioneered a new way to help the needy animals of the country. Through our unique Community Outreach Program (C.O.P.) we pay a monthly visit to well over 1,000 needy dogs and cats to provide them with flea, tick, and parasite medicine along with basic medical care. We have seen dramatic increases in the overall health of animals in these targeted areas. Help us to expand our programs to even more animals on the north coast.

What We Do:

- ◆ Hold regular spay/neuter and vaccination clinics to help keep the stray animal population healthy and under control in targeted areas of D.R.
- ◆ Through our unique Community Outreach Program our volunteers provide flea, tick, and parasite medicine as well as basic medical care to well over 1,300 dogs and cats every month. This preventive care has significantly decreased medical issues in the targeted areas where we work. We are constantly training new volunteers to cover even more areas to help even more animals.
- ◆ Provide and pay for emergency medical treatment for animals with special needs.
- ◆ Foster needy animals with health issues until they can be either rehomed or returned to their Dominican or Haitian Families.
- ◆ Adopt out needy animals to forever homes in the Dominican Republic, the United States, and Canada.
- ◆ Educate the Dominican, Haitian and expat population on the proper care of their animals through one on one education while performing our Community Outreach Program as well as at presentations at local schools.
- ◆ Hold parasite clinics in Dominican barrios where people can bring their animals in for medicines and get their pet health questions answered and treated.
- ◆ Provide emergency pet food to Dominican and Haitian families who are in a short-term monetary crisis.

How You Can Help:

Donate

Your Donations help us: to buy the supplies and medicines needed to perform our Community Outreach Program, hold spay/neuter clinics, vaccinate needy animals, fund all of our foster and adoption programs, and fund our other assistance programs. Since we are an all volunteer organization your donations go directly to supplies, materials, and animal care. If you want to help, visit our website at www.dogsandcatsdr.com and click on the donate tab to help us help needy D.R. animals.

Volunteer

We are an all volunteer organization with no paid staff and so we are always looking for new volunteers to help us in our cause. Volunteers living in the D.R. are welcome, but we also have many volunteer opportunities for those living in Canada, the U.S. and throughout the world. Interested in helping us? Email:

info@dogsandcatsdr.com
for more details.

Who we are:

Dogs and Cats of the Dominican Republic is a not-for-profit, all volunteer, humanitarian organization whose mission is to significantly improve the health and well-being of all the dogs and cats on the north coast of the Dominican Republic through our unique programs.

Why we help:

In a poor country, unfortunately the animals tend to suffer the most. We, as animal lovers, have decided to help where we can. There is almost overwhelming need here, but we have also seen that we can make a great difference in helping many animals live happier and healthier lives. We and you can make a difference!
